

LFP FELLOWS PROGRAM

The Leadership Fellows program is for selected students with demonstrated leadership ability and is designed to advance and support students' understanding and demonstration of servant leadership within the Eastern community and the global community at large. The program aims to prepare students for purposeful cultural integration as productive innovators and leaders; encouraging them to address current societal problems through thoughtful faith-based service and influence the world through a commitment to Christian leadership and behavioral integrity.

LFP FELLOWS GRANT

Leadership grant is a \$1,000 a year grant given by the Leadership Fellows Program in partnership with Eastern University admissions which recognizes students for their outstanding leadership, Christian service, and scholastic achievement (minimum 3.4 GPA). Receiving this grant also gives students an innovation to apply for the Leadership Fellows Program.

FELLOWS PROGRAM & SCHOLARSHIP

Leadership Fellowship is an award given to first-year students based on their outstanding **potential** for leadership, Christian service and scholastic achievement. A comprehensive online application exists for this program. Students interested in this Fellowship will be notified by EU undergraduate admissions that they are eligible to apply. Students who are awarded membership in the leadership program are also awarded an additional \$1,000 scholarship. This scholarship and membership are renewable dependent upon maintaining the minimum CGPA of 3.0 after the first year, 3.1 the second year, and 3.2 each succeeding year, as well as the additional scholastic and behavioral requirements within the program.

FELLOWSHIP OBJECTIVE

Through dedicated classroom learning, practical hands-on leadership experience, and intentional mentoring, students learn how to:

- Inspire others in their pursuit of the common good as living models of Christ-centered leadership
- Lead a major campus organization
- Understand and discern effective uses of strategic leadership methods
- Effectively lead and share vision in an organization
- Identify their leadership strengths and styles
- Strengthen their effectiveness as leaders
- Understand leadership from a biblical perspective
- Practice spiritual disciplines and personal character development
- Lead with behavioral integrity

- The following chart helps give clarity to the course work expected from the LFP program. All expectations are comparable to what was outlined to students as they joined the program and in many cases are (or have been) significantly less than originally communicated. Different cohorts have had different expectations, different financial incentives, and different leadership as the program has seen transformative growth in size and selectivity.
- The LFP **Integration Plan** below helps show the curriculum integration each cohort will be required to follow for membership in LFP.
- Moving to a 20-25 member cohort as of '17-18', LFP will be attempting to introduce a heavier academic emphasis and possible dedicated leadership minor (to be pursued with curriculum committee).
